

## Regarding Garbage Collection after April 22<sup>nd</sup> (Fri.)

Garbage from the Earthquake (Garbage that has arisen due to the earthquake)	<b>BEING COLLECTED</b>
--	------------------------

※1 Please be wary of pedestrians and emergency vehicles when putting out your trash.

※2 Garbage from the earthquake **should be separated** into “burnables” and “landfill garbage” (note: daily household garbage will not be collected, only that resulting from the earthquake) and insert these into transparent trash bags. Note: consumer electronics subject to regulation by law (e.g., air conditioners, televisions, refrigerators, washing machines, laptops, etc.) **will NOT be collected** by the city. Please refer to the “Calendar for Recyclable Garbage Collection” to dispose of such items on the appointed day.

※3 As the city is responsible for collecting (free of charge) all garbage that has arisen due to the earthquake, we ask for your patience and cooperation while this process takes place.

 も 燃やすごみ Burnables	<b>Will be collected as usual</b> Please put out this type of garbage on the appointed day
 かみ 紙 Paper materials	<b>Will NOT be collected for the time being</b>
 プラスチック製容器包装 Plastic packaging	
 しげんぶつ 資源物 Recyclables (e.g., glass bottles and metals)	
 ペットボトル Plastic bottles	
 特定品目 とくていひんもく Hazardous waste	
 うめたて 埋立ごみ Landfill garbage	

As the situation changes, further information will be released regarding garbage disposal. Please note that “large items” **will be collected** as usual. If you have any questions about such items, or would like to apply for disposal of such items, please contact Gomi Zero Call (business) at 353-7171.
