

PLAZA NEWS LETTER March

Though we had very cold days in February, it will be getting warmer in March. However, the weather suddenly gets cold, then warm. Please take good care as it is easy to catch a cold. February saw the decrease in the number of coronavirus patients in Kumamoto City. However, please wear a mask when you go out and wash your hands and garble when you get back home.

It is getting warm in March. As the cherry blossom blooms, we feel that spring is just around the corner.

In March, there are many events including flower viewing or *Hanami* in Japanese.

We would like to introduce one of them called *Hinamatsuri* or Doll's Day.

Doll's Day is one of the special seasonal festivals in Japan. On 3 March, we celebrate *Hinamatsuri* to pray for girls' health and happiness. The festival is also called *Momo no Sekku* or the Peach Festival as peach trees begin to flower around this time.

Why do we display a set of ornamental dolls?

It is believed that ornamental dolls protect children from diseases and injuries.

People have come to display the ornamental dolls, wishing their daughter would grow up in good health.

We start to display the ornamental dolls from February and put them away soon after the festival. We have the superstition that leaving the dolls any longer will result in their daughter's late marriage.

How do we spend on the Doll's Day?

On the Doll's Day, we eat *Chirashizushi* (raw fish and vegetables on rice) and clam. We eat clam as a lucky charm food. We make *Chirashizushi* with variety of ingredients, wishing our children a life without hunger.

You might see *Hina-arare* or colorful bite-sized sweet rice crackers at shops. White stands for the ground in winter while pink or red means life. Green stands for spring sprouting. It is believed that by eating Hina-arare, we can spend a year in good health.

We are also displaying ornamental dolls at Kumamoto City International Center.
